

A Little Creative - Puppet Making Activities:

FRIDAY 4-7PM: Shadow + Wooden Spoon Puppets

Using recyclable wooden spoons, skewers and assorted collage items create a range of puppets and characters - ready to play with is as... but also taking on a different dimension when lit-up and playing with the shadows at night!

SATURDAY 2-5pm Marionette Puppets

The most challenging form of puppet - but amaze yourself with what you can create using lots of recycled materials, timber, air-drying clay and strings... The ability to tie knots is a must - or patient parents to lend a hand with the fiddly bits! Your recycled puppet will be able to walk home with you - or if you choose to work more delicately with air-drying clay - he'she will have to wait a day or so before becoming animated.

SUNDAY 2-5pm Sock Puppets

Bring your odd socks!! We will have a large stash to start with though ;) - Use a range of fabrics, buttons, felt and extra items to embellish and decorate your sock character. Basic sewing skills can be used - or we don't mind if you 'cheat' and just use glue, markers and the odd staple or two!
